

## SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenswood, W. Va. — "For seven long years I suffered from a female trouble and inflammation so that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women." — Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backaches, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience. Remember this, for over forty years Lydia E. Pinkham's Vegetable Compound has been restoring health.

## Just History

In '76  
The Colonial Dame  
Spun her cloth  
By Candle flame.

In 1860  
In Crinoline bright,  
She greeted her guests  
By Coal Oil light.

And later on,  
How time does pass  
Her home was lit  
By flickering Gas.

But the girl of to-day  
Who wants her home bright,  
Just presses a button  
And has Electric Light.

All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. (adv)

## THREE-YEAR-OLD BABE KILLED BY MULE

Mr. and Mrs. Lloyd Allen, of Nicholas county, left their three-year-old baby in a barn while they went to plant potatoes.

When they returned, they found the infant dead, its head having been crushed by the kick of a mule. The babe had crawled under the animal's feet.

Algeria, France's most important colony, has a greater area than the mother country.

## GOES 70 MILES FOR MORE TANLAC

Gained 17 Pounds And Her Wonderful Improvement Is The Talk of The Neighborhood

"It's no wonder that everybody sees a change in mother since she began taking Tanlac, for she has gained seventeen pounds and can get about better than for the last twenty-five years," declared T. E. Ellis, well-known livestock dealer, living at Rumsey, Ky.

"My mother is now sixty-eight years old and for eight years had suffered from loss of appetite, nervousness, constant headaches, severe pains in the chest and back and frequent spells of dizziness. She became so bad off about five years ago that she had to give up all housework and spent most of her time in bed. During all that time she neither knew what it was to have a well day or a night's rest, and her condition became so alarming that we never expected to see her up and about again.

"One day she read in the papers about someone who had been greatly helped by Tanlac, and nothing would satisfy her until she had tried it herself. So I drove 35 miles to Evansville and got her a bottle. She had four more bottles since then and she has actually gained seventeen pounds in weight, and its years since I saw her looking so well. She praises Tanlac all day long, and her remarkable recovery has made such a stir around Rumsey that scores of other sick people have been taking Tanlac with splendid results. I make a trip to Evansville every week and always carry back a load of Tanlac for the neighbors. We all think there is no medicine like it, and I'm glad of this chance of telling everybody about what it did for my mother." (adv)

## "DOWNTRODDEN FARMER" TALK BRANDED AS PROPAGANDA

"Dangerous Propaganda," alleging that the farmer is being combined against by large interests of the country, is being circulated, Professor T. E. Bryant, assistant director of the College of Agriculture, University of Kentucky, charged in an address to farmers and breeders at the Louisville Livestock Exchange. Prof. Bryant warned the farmers against such reports, and urged them to awaken to the need for better livestock as a move to maintain their independence.

Farmers also were told that they must take their losses as business men did, and build for the future on a sound, economic basis by abolishing waste. The complete abolition of the scrub sire was urged as the first step, with the principle that in the future the ownership of scrub stock would be a badge of inefficiency.

"I find the idea prevalent, that some interests are combined against the farmer," said Professor Bryant. "The term 'middle man' is used, and some farmers feel that it is the common enemy, but if one stops to think and reflect he will find that no one is down on the farmer. It is not to their interest to see the farmer put out of business."

## KENTUCKY CROP REPORT

The condition of wheat and rye in all the principal farming sections of Kentucky is unusually good; there are 5 per cent. fewer brood sows in the State than there were this time last year; and although the labor supply is only 3 per cent. below normal the demand for farm labor is 13 per cent. below normal, according to the April crop and livestock report for Kentucky issued by the United States Bureau of Crop Estimates in co-operation with States Commissioner of Agriculture W. C. Hanna. The condition of wheat in Kentucky April 1 is given as 95 per cent of normal, compared to 62 per cent. April 1, 1920, and an average condition of 84 per cent. April 1, during the last 10 years. Rye condition in this State is 95 this month compared to 74 per cent. April 1 last year and an average condition of 87 per cent. April 1 for the last 10 years.

The acreage of wheat sowed in Kentucky last fall was approximately the same as that sowed in 1919 (625,000 acres) but rye was 42,000 acres compared to 44,000 acres sowed in 1919. The mild weather of this winter and spring has been very favorable for small grains in all parts of the State except in some parts of the southwestern mountain counties.

Farm labor is 10 per cent. more plentiful than it was this time last year, but still only 92 per cent. of normal supply, as many farmers can not afford to pay wages demanded by laborers, and farmers report they have cut their demands for labor 17 per cent below last year's demands and 13 per cent. below normal. This is due to the general slump in prices of farm products, particularly tobacco. Farmers say in their reports that unsatisfactory prices for farm products and the high prices persistently demanded for manufactured goods are tending to reduce farm production.

There are more statues of Queen Victoria in existence than any other woman in the world.

Diplomatic posts are now being demanded by British women.

## A STRONG COMBINATION

Former Senator J. C. W. Beckham has determined to make his residence in Louisville and form a law partnership with Elwood Hamilton, who will retire as Collector of Internal Revenue in Kentucky, and, with W. T. Beckham, of Shelbyville, senior member of the firm of Beckham and Gilbert. Judge Ralph Gilbert, the junior member of this last named firm, has just taken his seat in Congress from the Eighth Kentucky District.

The retirement of Mr. Hamilton as Collector of Internal Revenue in Kentucky is expected to take place as soon as the Treasury Department can fill the position.

Senator Beckham has been Speaker of the Kentucky House, Lieutenant Governor, twice Governor and Senator for six years. Mr. Hamilton is a native of Frankfort, Ky., prominent in legal and political circles, and has been associated in the practice of law at Frankfort with James H. Polsgrove under the firm name of Hamilton & Polsgrove.

French explorers in South Dakota gave the name of the Bad Lands to the territory they discovered.
